RM700.00**
plus a Buka Puasa voucher per day
– valid for 3 months

Part 1 MRCOG Intensive Course

28 May 2018 (Monday) to
30 May 2018 (Wednesday)

@ Armada Hotel

COURSE STRUCTURE:

The intensive course is designed to prepare the candidate who is going to sit for the MRCOG Part 1 Examination soon. It is a revision course and the candidates are expected to have done some reading before coming for the course. The whole syllabus cannot be covered given the short time available. However the topics have been carefully chosen in order to cover the areas from which the bulk of the questions are being or have been asked or areas in which the candidate is likely to have problems e.g. clinical epidemiology, statistics, applied pathology, fluid and electrolyte balance, radiological diagnosis, clinical scenarios, etc. An impressive array of Faculty members with a wide experience in post-graduate training have been chosen to cover these topics.

There will be ample practice with single best answer (SBAs) questions on the topics lectured. Please make the best of the Course and I wish you the best in your Examination.

Professor Kulenthran Arumugam

Course Director

ACCOMMODATION

Accommodation at the Hotel Armada, may be made with Hotel on a personal basis

ARMADA HOTEL

Lorong Utara C, Section 52

University of Malaya Medical Centre
Kuala Lumpur
- **Professor YK Chan**
Department of Anaesthesia
University of Malaya Medical Centre
Kuala Lumpur

What previous students say about the Course

"Concise, Effective, Life-saving. Prof Kula's revision course was invaluable to me in my exam preparation. He narrowed the topics down to what's important for the exam and helped us strategize our studies better. Lots of practice with SBAs during the course too. Without a doubt, an essential revision course which I highly recommend." ~ August 2017

"Prof Kula is a very dedicated teacher and helped me feel comfortable when I was out of my depth. His advice regarding what topics to focus on and how to study for the exam is extremely valuable and I will keep it in mind as I prepare for the exam." ~ August 2017
