

INTRODUCTION

Dear participants,
Well, it's that time of the year again when we conduct the Masterclass in Laparoscopic Surgery with the theme: Uterine Lesions.

The course will be conducted over 2 days to give you the full experience of Live Laparoscopic Surgeries for Benign Uterine conditions. There will also be short informative lectures interspersed between the surgeries along with screening of short video clips with helpful tips and tricks from our skillful Laparoscopic surgeons.

At the end of the course, we hope that you had benefited from this and acquired useful expertise and knowledge in becoming a better Laparoscopic surgeon. Therefore, we hope to see you all at Hospital Sultan Abdul Halim, Sungai Petani.
