Dr. Rafaie Amin, MMed
Dr. Sim Wee Wee, MRCOG
Dr. Tan Lee Na, MRCOG
Dr. Tan Tze Ling, MRCOG
Dr. Tan Yiap Loong, MRCOG

SaMS - Our Story

Conceptualized in 2011, we piloted the “Mini SaMS” in 2013 with three stations to great success and we inaugurated the nationwide course in 2015.

Our vision was to establish a full part 3 MRCOG circuit in Malaysia and we succeeded as one of the pioneers. Conceived at a time when a minority passed, we were determined to change and to make others believe that this journey was possible. Driven by passion and fueled by perseverance, we were yearning to guide others on what was perceived as an Augean path. Our ethos are simple, to enrich others without personal endowment. We teach from the heart and derive satisfaction purely from the success of the trainees.

Since 2015, we have successfully trained hundreds of specialist in Malaysia and we continue to be devoted to our mission. We aspire that this beautiful cycle of learning and sharing will continue, that the legacy we have initiated will be undertaken by those who have been inspired.

Come join us at SAMS as we share our secrets and wisdom, not merely to survive but to conquer! Let us fuel or passion and inspire you for greater success.
Super Ardua!
