## 19th Regional MRCOG Part 2 and Part 3 Course

Dear All,

The College of Obstetricians & Gynaecologists, Singapore will be holding our 19th Regional MRCOG Part 2 Examination Course from 22 November (Thursday) to 23 November 2018 (Friday). Mr Toby Fay and Dr Neil Liversedge from the RCOG Faculty will be helping to facilitate this course. They will be giving lectures and conducting interactive EMQs and SBAs sessions to prepare candidates for the MRCOG Part 2 examination. This gives you the opportunity to not only pick up exam tips and techniques from them, but also the chance to clarify any doubts you may have before your examination. Candidates will also sit for a full mock MRCOG Part 2 examination consisting of 2 papers (EMQs and SBAs).

This year, we are also pleased to announce that RCOG and COGS are co-organising the 19th MRCOG Final Preparation: Part 3 Clinical Skills Course on 24 November (Saturday) and 25 November 2018 (Sunday). This course will be conducted by our 3 esteemed RCOG UK examiners for the MRCOG Part 3 examination, namely Mr Toby Fay, Dr Chandrika Balachandar and Dr Neil Liversedge. Candidates will have the opportunity to participate in workshops and a full MRCOG Part 3 mock examination circuit of 14 active stations in total. This year, we are also introducing a new additional feature of the course of a group interactive session of the circuit questions.

We are also introducing observer places on this course (strictly limited to 14) due to an overwhelming response for our course in the previous year. Observers will also enjoy the opportunities to attend lectures and workshops, and observe the mock examination circuit as well as the interactive sessions. These places will also be allocated on a 'first-come-first-serve' basis.

Both courses will be held at KK Women's and Children's Hospital in Singapore.

Seats are limited, please register early. For registration of the **19th Regional MRCOG Part 2 Examination Course**, please register via <https://www.gevme.com/cogs-19th-regional-mrcog-part-2-examination-course>

For registration of the **19th MRCOG Final Preparation: Part 3 Clinical Skills Course**, please register via <https://www.gevme.com/mrcog-final-preparation-part-3-clinical-skills-course>

Thank you.

Best Regards,  
Ser Hui Wen
