   ICOE OGSM  @icoemalaysia

ICOE has been in existence since 2014. Numerous courses have been conducted in Malaysia and in regional countries: always Simulation based, and Intensive!

The feedback we have received is always: the doctors hope for more time for practise. In that light, as we return to 'normal', ICOE will be more 'practice' and less talk!

The course lectures will be sent to you one week before. Please do watch them and take heed of the learning objectives.

The 2 days On-Site Skills course will have 8 breakout stations covering a wide range of obstetric emergencies. Your time will be spent mostly on simulation practice, guided by ICOE trainers in demonstrating the skills that you need to practice obstetrics safely, including non-technical skills.

We will meet on those two days face2face and let's learn and for some, refresh; our skills in handling Obstetric Emergencies.

'Safe Childbirth, Everytime, Everywhere'
