COURSE SYNOPSIS

This three-day course is intended to cover the syllabus for MedEx (Medical Specialist Pre-Entrance Examination) Obstetrics and Gynaecology. The scientific program will be delivered by prestigious speakers or experts specialising in Basic Medical Sciences, Obstetrics and Gynaecology. Each session addresses scientific and evidenced-based revision for candidates. Each topic is grounded well with self-assessment questions for the achievement of comprehensive knowledge on the topic. Furthermore, the course is enriched with Mock exams which is the best opportunity for the candidates to familiarise with OBAs theme of the MedEx exam in addition to MCQs.

WHO SHOULD ATTEND

This course is designed for medical doctors planning for a career in O&G and those particularly planning to register for the MedEx organized by Majlis Peperiksaan Malaysia for O&G Programme and those sitting MRCOG part 1.
