

9TH CONGRESS
OF THE SOCIETY OF ENDOMETRIOSIS
AND UTERINE DISORDERS

SEUD
CONGRESS
2023

PROGRAM AT A GLANCE

ENDOMETRIOSIS AND UTERINE DISORDERS:
**STRATEGIC MANAGEMENT
AND CHALLENGES
IN THE NEW MILLENNIUM**

MARCH 16→18
ABU DHABI, UAE

WELCOME LETTER

Dear colleagues, dear friends,

On behalf of the SEUD board and local committee, it brings pleasure and pride to announce that the coming **9th SEUD Annual Congress** will be taking place in Abu Dhabi, the capital of the United Arab Emirates, **from March 16th to 18th 2023**.

In line with the tradition of the Society of Endometriosis and Uterine Disorders (SEUD), this annual congress will continue to **bring more focus on the most recent updates and scientific debates within Endometriosis, Adenomyosis, Abnormal Uterine Bleeding and other benign uterine disorders**.

Researchers, clinicians, surgeons and medical staff will gather from all of the world in the UAE to continue **the odyssey towards unravelling the enigmas around the endometriotic disease, the multiple facets of adenomyosis, the staggering path to uterine fibroids genesis and conservative treatment and the ultimate social and clinical significance of abnormal uterine bleeding**.

Throughout the last decade, SEUD, with its international partner medical societies and associations, has been crucial in **re-defining clinical and molecular aspects of endometriosis and adenomyosis**, and most importantly in **identifying a holistic approach to uterine disorders in its perplexity and interlink to adenomyosis and endometriosis**. This journey will continue at the 2023 Congress in Abu Dhabi with **keynote**

lectures, plenary sessions, symposia, free communication and abstract presentations, live surgery debates and national sessions. This all will enable the audience to actively participate in the debates with an **internationally prominent scientific faculty** that has the task of consolidating latest achievements and consensus on the topics of endometriosis and benign uterine disorders.

EAST meets WEST at the 2023 SEUD in Abu Dhabi-UAE!

Do not miss this opportunity to be part of this **important scientific event** while **enjoying a magnificent stay in the capital of the UAE**, indulging in an exclusive experience of history, culture, adventures, shopping, exquisite cuisine and much more.

Welcome to SEUD in Abu Dhabi from March 16th to 18th 2023!

Dr Ghassan Lotfi,
SEUD Congress
President
