NADI Continuing Professional Development Series:

"DIABETES COMPLICATIONS" CONFERENCE & GRAND ROUNDS

Prevalence of diabetes mellitus, especially of type 2, is on the increase. This rise is most marked in developing countries, Malaysia included. The increasing number of people with diabetes is compounded by the added burden of chronic complications of the disease which remain an important cause of morbidity and premature mortality for those affected, and a huge challenge to healthcare providers.

To help address these issues, the National Diabetes Institute (NADI) of Malaysia, organises "Diabetes Asia Conference (DAC)" annually since its inception in 2002 as a Continuing Professional Development (CPD) initiative on diabetes and related diseases. The "Diabetes Complications" Conference & Grand Rounds (DCOM) was first introduced in 2009 to provide specific focus on diabetic complications.

Objectives of "DIABETES COMPLICATIONS":

Conference & Grand Rounds

The Continuing Professional Development (CPD) Series as "Diabetes Complications" Conference & Grand Rounds aims to help in the prevention and effective management of diabetic complications especially in relation to diabetic foot, cardiovascular disease, retinopathy and nephropathy. The emphasis is on recent advances and practical aspects in the prevention and effective management of diabetic complications.

Who Should Attend

Healthcare professionals responsible for managing persons with diabetes including:

- Medical and Surgical Specialists
- Medical and Health Officers
- Pharmacists
- Diabetes Educators
- Medical Assistants
- General Practitioners
- Trainee Lecturers
- Nursing Practitioners
- Dietitians / Nutritionists

IMPORTANT INFORMATION

regarding this 12th DIABETES COMPLICATIONS CONFERENCE & GRAND ROUNDS

- This 12th DCOM will either be hybrid or fully physical depending on response. Please clearly indicate your preference.
- Local speakers will do the presentations in-person while international speakers will have pre-recorded sessions.
- **Online viewing:** All participants (on-site and online) can re-view the sessions up to 24 hours after the end of the conference **for free**, using password obtained from NADI. After 24 hours post-conference, participants **can still view/ access the sessions up to 2 weeks after the conference**, with a **nominal fee** and **password** from NADI.
- **Covid-19 Pandemic:** Strict SOP including social distancing and wearing of face mask is encouraged for on-site attendance.

Certificate of attendance
for all Participants
(with proof of satisfactory attendance)

CPD points
are available for eligible Malaysian Doctors, Nurses, Dietitians, Pharmacists & Medical Assistants

IMPORTANT
Please note that registration starts at 0700 and the Plenary at 0815.

Thank you

The "Diabetes Complications" Conference & Grand Rounds will emphasise on **recent advances** and **practical aspects** in the management of diabetic complications.

PLENARY

- P1** Management of Cardiovascular Disease in Patients with Diabetes
- P2** Strategies to Prevent Progression of Diabetic Kidney Disease
- P3** Peripheral Vascular Disease: Recent Advances in Diagnosis and Management
- P4** Offloading DFU & DFW

*Subject to change

SYMPOSIUM THEMES/ TOPICS INCLUDE

MS1A

New Understanding in Diabetic Kidney Disease

- 1.1 Glomerular Hyperfiltration in Diabetes: Mechanism, Clinical Significance and Management
- 1.2 Advances in Early Detection and Prevention of DKD
- 1.3 SGLT2 Inhibition: Its Effect on DKD and CKD
- 1.4 Panel Discussion

MS2A

The Forgotten Complications

- 2.1 Lung Complications of Diabetes
- 2.2 Oral Pathologies in Diabetics
- 2.3 Musculoskeletal Complications of Chronic Diabetes
- 2.4 Panel Discussion

MS2C

Diabetic Foot Ulcers

- 3.1 Proper Wound Debridement and Choice of Dressing
- 3.2 Nursing Role in the Management and Prevention of Diabetes Foot Ulcers
- 3.3 A Novel Bioelectrical Dressing in Diabetic Foot Wounds
- 3.4 Panel Discussion

MS3A

Optimal Management of Associated Diseases in People with Diabetes

- | | |
|-------------------|----------------------|
| 4.1 Dyslipidaemia | 4.3 Obesity |
| 4.2 Hypertension | 4.4 Panel Discussion |

MS3C

Diabetic Eye Disease: Prevention and Management

- 5.1 Sight-damaging Complications of Diabetic Retinopathy
- 5.2 Systemic Risk Factors in Diabetic Retinopathy
- 5.3 Diabetic Retinopathy in Pregnancy
- 5.4 Panel Discussion

MS4A

Managing Renal Failure

- 6.1 Newer Drugs in the Management of Diabetic Kidney Disease
- 6.2 Hemodialysis or Peritoneal Dialysis in Patients with Ischaemic Heart Disease
- 6.3 Practical Aspects of Nutrition Management for DM Patients with ESKD
- 6.4 Panel Discussion

MS4C

Sex and Diabetes

- 7.1 Sexual Dysfunction among T2DM Patients
- 7.2 Diabetes and Ejaculatory Problems
- 7.3 Sex after MI: Safe?
- 7.4 Panel Discussion

**Subject to change*

GRAND ROUNDS

1. A 65-Year Old Woman with Diabetes Who Had A Recent Heart Attack

Sub-topic: Unique Features of Heart Attack in Women with diabetes

Sub-topic: Managing AMI

Sub-topic: Managing Diabetes in AMI

Discussion on case

2. A Young Obese Man with Uncontrolled Diabetes and Hyperlipidaemia, Presented with Rapidly Progressive Worsening of Renal Function

Sub-topic: Hyperlipidaemia in Kidney Disease

Sub-topic: Causes of Rapidly Worsening Renal Function

Sub-topic: Drugs to Slow Progression of Renal Dysfunction

Discussion on case

**Subject to change*

OTHER SESSIONS INCLUDE

■ SPECIAL (SPONSORED) PLENARY LECTURES ■ LUNCH SYMPOSIA ■ SPONSORED SYMPOSIA AND GRAND ROUNDS

**Subject to change*

Registration & Fees

Registration form is enclosed with **this FINAL ANNOUNCEMENT**. Completed form must be returned with the registration fee to the Secretariat of the “12th Diabetes Complications” Conference & Grand Rounds by mail or fax.

About the National Diabetes Institute (NADI)

The National Diabetes Institute (NADI) is established to provide a dedicated and comprehensive service for people with diabetes, to prevent and control diabetes, its complications and associated diseases.

NADI is a **non-profit, non-governmental organisation (NGO)** managed by a Board of Trustees with our former Prime Minister YABhg. Tun Dr. Mahathir Mohamad as Patron.

The Board of Trustees comprises of Founding and Elected members and representatives from the Malaysian Endocrine and Metabolic Society (MEMS), Diabetes Malaysia (DM) and Ministry of Health (MOH), Malaysia.

The main objectives of NADI are:

- to be a National Diabetes Education Resource Centre for the country
- to establish and run a comprehensive health facility including a National Diabetes Hospital for the management of diabetes and its complications
- to create and maintain a National Diabetes Registry
- to coordinate and conduct research in diabetes and related conditions
- to be the national coordinating centre for diabetes in Malaysia in respect to statistics, education, management, research, policy and planning on diabetes and associated diseases
- to prevent diabetes and associated cardiometabolic conditions such as high blood pressure, high blood cholesterol and heart disease through promotion of healthy lifestyle.
