

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

PRESENTER AWARD

ORAL PRESENTATION

1st place : RM 400 with E-Cert
 2nd place : RM 300 with E-Cert
 3rd place : RM 200 With E-Cert

E-POSTER PRESENTATION

1st place : RM 200 with E-Cert
 2nd place : RM 150 with E-Cert
 3rd place : RM 100 with E-Cert

Accepted abstracts will be published as conference proceedings in the
Journal of Clinical and Health Sciences, the official journal of Faculty of Medicine UTM
 (MyCite indexed)

Abstract submission deadline
31 July 2024

Teesside University, UK

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

Calling for Abstract

On behalf of the Centre for Medical Imaging Studies, Faculty of Health Sciences, UiTM, we are delighted to invite submissions for abstracts for the upcoming Gynaecological and Breast Imaging Online Symposium.

TOPIC:

- Medical Imaging/radiotherapy
- Artificial Intelligence (A.I)
- Others: e.g: Education

SUBMISSION IN:

- Original research
- Empirical data reports
- Review papers
- Protocol papers
- Technical papers

Accepted abstracts will be published as conference proceedings in the *Journal of Clinical and Health Sciences*, the official journal of Faculty of Medicine UiTM (MyCite indexed)

IMPORTANT DATE :

Abstracts closing date:
31 July 2024*
(subject to change)

Abstract acceptance letter for
participant:
2nd August 2024*
(subject to change)

Poster and oral video submission:
26th August 2024*
(subject to change)

ORGANISED BY: CENTRE FOR MEDICAL IMAGING STUDIES UiTM

OFFICIAL EMAIL: ceformisuitm@gmail.com

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

MEET OUR SPEAKER

**EMERITUS PROF. DR.
NG KWAN HOONG**
Universiti of Malaya

Emeritus Professor Dr. Ng Kwan Hoong is a distinguished Honorary Professor in Medical Physics at the Department of Biomedical Imaging, Faculty of Medicine, University of Malaya. His expertise spans medical physics, radiation protection, diagnostic radiology, nuclear medicine, and radiotherapy.

Emeritus Professor Dr. Ng's academic credentials include a PhD in Medical Physics from Universiti Malaya, an MSc in Medical Physics from the University of Aberdeen, and a BSc in Physics from Universiti of Malaya. He has held significant administrative roles, notably serving as the Head Coordinator of the Department of Biomedical Imaging since 1998.

Emeritus Professor Dr. Ng has been recognised with numerous prestigious awards, such as the IUPESM Fellowship, the Merdeka Award, and the Marie Skłodowska-Curie Award. His contributions to the field have also earned him multiple excellence service awards from the University of Malaya.

He has an extensive publication record, with research covering topics like radiation protection, medical imaging technologies, and the development of diagnostic and therapeutic procedures. Emeritus Professor Dr. Ng is actively involved in mentoring and leadership within the medical physics community, contributing to both national and international scientific advancements.

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

MEET OUR SPEAKER

**PROF. DR. ANUSHYA
A/P VIJAYANANTHAN**

Universiti of Malaya

Professor Dr. Anushya Vijayanathan is a distinguished professor in the Department of Biomedical Imaging at the Faculty of Medicine, Universiti of Malaya. She holds an MBBS from Delhi University and MRad from Universiti of Malaya. With extensive administrative experience, she has served in numerous coordinating and committee roles, including the OSCE exam coordinator and programme coordinator for various radiology courses. Her expertise lies in ultrasound, particularly vascular and transvaginal, and interventional radiology. She is a member of several professional organizations, such as the Academy of Medicine, Malaysia, and the Malaysian Society of Ultrasound in Medicine. Her career is marked by a commitment to education and continuous professional development in biomedical imaging.

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

MEET OUR SPEAKER

**PROF. DR. KARTINI
BINTI RAHMAT**
Universiti of Malaya

Professor Dr. Kartini binti Rahmat is a distinguished Professor of Medical Diagnostic Imaging and Radiology at the Department of Biomedical Imaging, Faculty of Medicine, Universiti of Malaya. Areas of expertise include breast cancer imaging, diagnostic neuroradiology, and various radiological techniques such as MRI, CT scan, and ultrasound.

Professor Dr. Kartini holds multiple advanced qualifications, including a fellowship in Breast Imaging from Royal Perth Hospital, an MRADIO from Universiti of Malaya, an FRCR from the Royal College of Radiologists in London, and an MBBS from Universiti of Malaya.

Throughout her career, she has held significant administrative roles, including Head of the Universiti of Malaya Research Imaging Centre (UMRIC), and has been a member of several national and international committees.

Professor Kartini is an active member of professional societies such as the European Society of Radiology and the Royal College of Radiologists (UK). She has received numerous awards for her contributions to the field, including the GE Healthcare Call for Proposal Award and multiple recognitions for her scientific presentations.

Her research work is well-published, with numerous articles in peer-reviewed journals covering topics like automated breast ultrasound and magnetic resonance imaging features of invasive breast cancer.

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

MEET OUR SPEAKER

**ASSOC. PROF. DR.
NAZIMAH AB MUMIN**
Universiti Teknologi MARA

Associate Professor Dr. Nazimah Ab Mumin is a medical lecturer and clinical radiologist specializing in breast imaging who is currently working at the Department of Radiology at Hospital Al-Sultan Abdullah, UiTM. She holds a Bachelor of Medicine and Bachelor of Surgery (MBChB) from the University of Leicester, UK, a Master of Radiology (MRad) from the Universiti of Malaya, a Fellowship in Radiology (FRCR) from the UK, a Clinical Fellowship in Breast Imaging from Universiti of Malaya.

Dr. Nazimah has extensive research experience in the field of breast cancer imaging, having worked on various projects involving digital breast tomosynthesis, mammographic breast density, and advanced MRI techniques. She has secured several significant research grants, including funding for studies on automated breast ultrasound and breast radiomics.

Her work has been widely published in high-impact journals and received numerous awards for her contributions to medical research and education. Dr. Nazimah is also actively involved in academic activities, having appeared on various media platforms to promote breast cancer awareness.

GYNAECOLOGICAL & BREAST IMAGING

ONLINE SYMPOSIUM

MEET OUR SPEAKER

FIONA MACGREGOR
Teesside University, UK

Fiona is a Principal Lecturer (International) within the School of Health and Life Sciences at Teesside University. She qualified as a Diagnostic Radiographer in 2010 and has worked in various clinical settings specialising in Neuroradiography. She has an extensive background within the healthcare sector such as mental health social work and nursing. She moved into higher education in 2015, specialising in paediatric forensic radiography, health-related ethics and legislation, student support, and personal tutoring.

Fiona is currently undertaking her PhD exploring barriers and facilitators to the implementation of best practices within forensic radiography and has co-authored two recently published qualitative research journal articles. She also co-authored a book chapter on contrast media in medical imaging.
