Join us in Sydney, Australia for the 16th World Congress on Endometriosis from 21-24 May 2025.

Hosted by the World Endometriosis Society, this truly global event will advance the understanding of patient treatment, patient care and the causes and consequences of the disease on the lives of countless women.

The Congress will bring together world leaders in the field to deliver engaging keynote presentations and invited speakers to lead seminar and symposia sessions. Contributions to the global dialogue can be made through the call for abstracts for free papers and posters.

An innovative program has been designed to inform, stimulate discussion and collaboration across clinical, scientific and allied health professionals.
