# Redefining Gynaecologic Surgery

## MASTERING PRECISION

My dear colleagues,

Would you like to advance your clinical skills in minimally invasive and robotic surgery?

**Join us at the 1st AMRAS 2025 International Congress!**

The program begins with 3 pre-congress workshop on Day 1 on 16th May 2025, offering dry-lab hands-on training and live surgery in Operative Hysteroscopy, vNOTES Surgery, and Robotic Surgery in Gynaecology. This will be followed by a two-day scientific congress featuring advanced and current topics in minimally invasive approaches for Gynaecology, Endometriosis, Reproduction, and Urogynaecology Surgery.

This is a unique opportunity to learn from renowned international and local experts in advanced minimally invasive and robotic surgery. You will also engage in interactive workshops and scientific discussions, gaining practical insights that will enhance your everyday clinical practice. Join us on this transformative journey to redefine gynaecologic surgery through innovation, precision, and collaboration. Together, we can shape a future where advanced technologies empower healthcare professionals to provide world-class care for women throughout Malaysia and beyond.

See you in Kuala Lumpur!

Best wishes,

# Pre-congress Workshop 1 (Hysteroscopy)

## Hands-On Diagnostic & Operative Hysteroscopy Workshop (AMRAS-SAYGE Certificate in Diagnostic & Operative Hysteroscopy - Step 1) 16th May 2025

### Picasso Hospital

#### Objective

- To understand the fundamentals in diagnostic and therapeutic hysteroscopy
- Perform hands-on skills in basic operative hysteroscopy

#### Description

This workshop will be a combination of lectures and practical stations. The lectures will provide comprehensive coverage on pre-operative planning, management of complications and relevant anatomy for hysteroscopic surgery. This will be followed by practical stations where you will practice navigation, hand-eye coordination, and also have a chance to perform tissue removal using simple forceps, morcellation and electro-surgery.

#### Course Director

Dr Angeline Wong Tze Yin, Malaysia  
Dr Ng Ying Shan, Malaysia

#### Faculty:

Dr Giuseppe Bigatti, Italy  
Dr Lee Say Fatt, Malaysia  
Dr Mohammad Haekal, Indonesia  
Dr Yi-Chieh Li, Taiwan  
Dr Ichnandy Arief Rachman, Indonesia  
Dr Low Kah Pin, Malaysia
